SOCIAL AVENUES

The meeting and conference venues at this hotel come with state-of-the-art professional and administrative facilities. You have a choice of picking different kind of spaces based on the requirement you have. For smaller events, the pool side lawns or the terrace garden lawns are a perfect choice. The meeting and conference space can accommodate up to 400 guests and the banquets space is large enough to have about 2,000 guests making this quite a perfect

wedding destination. Special mention must be made of the large expansive lawns on the premises which also make this hotel a favourite with automobile manufacturers to showcase their new vehicles! Looking ahead, the hotel is all set to take things to the next level to give guests more engagement options. Being part of the Accor Group, this hotel follows several environment friendly practices as part of the Planet 21 program. Little wonder then that they won the 'Best Eco Friendly Hotel' Award

at the South India Travel Awards, 2016. According to Ravi Khubchandani, General Manager, Novotel Hyderabad Airport, "we want to better showcase the flexibility of this property and evolve the food and beverage offerings as well to take the experience several notches higher. This is a beautiful getaway and has so much to offer and is a place where everyone would want to be." I could not agree more! ■
