

rain showers, virtual reality shows and more. The park is naturally a big hit with children and now has an in-house resort where you can stay too. This apart there are several restaurants within the sprawling complex. Fun City in VR Bengaluru is an indoor family entertainment centre, a leisure concept by Landmark Group that encourages children to learn while they play, with a variety of activities focused on children's growth and development. There are also a series of gaming cafes in the city where you can have fun with simulated games and virtual reality games as well. The city also has several Go Karting centres that allow you to check

out your racing side. Likewise a thrill of speed albeit of a different nature can be experienced at the Bangalore Turf Club when you see a game of horse racing. And if the heat is getting to you cool off at Snow City, a winter wonderland that has snow-based activities that is a good place to chill out quite literally. Another must-see place is the Innovative Film City that has a potpourri of attractions including the Aqua Kingdom, Cartoon City, Dino Park, Mini Golf, Mirror Maze, Petting Zoo and Haunted Mansion, among many others. This is where you can indulge in adventure sports as well including Go-Karting, bungee jumping, dirt biking, archery,

net cricket and bull rides. If you love wines a must-do activity is to take a detailed vineyard tour, while you taste some spectacular homegrown wine especially in the Nandi Hills area which sees a lot of grape cultivation. Likewise golf lovers can tee off at the Golf Club that also offers classes for newbies. If you are looking for a more invigorating adventure an early morning cycle ride at the 'Dodda Alada Mara' or the Big Banyan Tree will take you through some amazing natural vistas too. And if you can, experience micro light flying during an aerial ride that gives you a beautiful bird's eye view of the entire city that happens at the Jakkur Airfield.
