

# NEW TEACHING METHODOLOGIES IN KARNATAKA

AS EDUCATIONAL REFORMS TAKE PLACE, NEW TEACHING METHODOLOGIES ARE COMING TO THE FOREFRONT. EXPERTS IN THE EDUCATION FIELD IN KARNATAKA EXPLAIN HOW LEARNING CAN BECOME BOTH EFFECTIVE AND EFFICIENT.

**BY BINDU GOPAL RAO**

The most fundamental role of a teacher is to impart knowledge along with helping students in character development, social growth and prepare him/her for future challenges. Teaching is not a new buzzword. We have been sharing knowledge since early days of human evolution. Only thing that is different nowadays is that we do not need to teach our kids how to hunt or gather firewood. Instead our knowledge management revolves around jobs in today's world. Case based teaching (there are plenty of good Harvard, Darden and IIM-A cases to choose from); Kinesthetic approaches such as Role Play, Management Games, etc.; Simulations (these range
